won't be charged, but you might find it off-putting.

Astronomy Through The Ages

Astronomy was a core class and subject taught at Hogwarts School of Witchcraft and Wizardry and Uagadou School of Magic. Astronomy is the branch of magic and science that studies stars and the movement of planets.² It was a subject where the use of practical magic and spells during lessons was not necessary. Uagadou students were known to be skilled in Astronomy,³ implying the teaching that ...
