Introduction To Psychology Clifford Thomas

Thomas Ligotti (born July 9, 1953) is a contemporary American horror writer. His writings are rooted in several literary genres - most prominently weird fiction - and have been described by critics as works of philosophical horror, often formed into short stories and novellas in the tradition of gothic fiction. The worldview espoused by Ligotti in his fiction and non-fiction is pessimistic ...

Herbert Alexander Simon (June 15, 1916 – February 9, 2001) was an American economist, political scientist and cognitive psychologist, whose primary research interest was decision-making within organizations and is best known for the theories of "bounded rationality" and "satisficing". He received the Nobel Prize in Economics in 1978 and the Turing Award in 1975.

Herbert A. Simon - Wikipedia

Psychology is thus autonomous from any science of one of its possible physical realizers (see the entry on multiple realizability in this Encyclopedia). Instead of neuroscience, scientifically-minded philosophers influenced by functionalism sought evidence and inspiration from cognitive psychology and artificial intelligence.

The Philosophy of Neuroscience (Stanford Encyclopedia of ...
