Straw Dogs Thoughts Humans Animals

In *Straw Dogs*, Gray voices his criticism of the philosophy of humanism, which is based on the belief of free will and implies that mankind, by using science and the teachings of Enlightenment, can create a society in which no one has to suffer and no one is oppressed or put at a disadvantage.

Straw Dogs: Thoughts on Humans and Other Animals by John N ...

The British bestseller *Straw Dogs* is an exciting, radical work of philosophy, which sets out to challenge our most cherished assumptions about what it means to be human. From Plato to Christianity, from the Enlightenment to Nietzsche and Marx, the Western tradition has been based on arrogant and erroneous beliefs about human beings and their place in the world.

STRAW DOGS: THOUGHTS ON HUMANS AND OTHER ANIMALS John Gray Granta Books, 2002, x + 246 pgs. John Gray is Ayn Rand's nightmare come true. Once a classical liberal, he now finds the inanities of Tony Blair's "Third Way," as expounded by its oracle Anthony Giddens, more to his liking. His shift in belief presented him with a problem.

does not pass the acid test of experience. Those Darwinist thinkers who believe humans can take charge of their own destiny to prevent environmental degradation are, in this view, not naturalists, but apostles of humanism.

Straw Dogs: Thoughts on Humans and Other Animals | Project ...

Straw Dogs: Thoughts on Humans and Other Animals Institutions that we thought would never fail crumbled so fast. Seeing that the self we take ourselves to be is illusory does not mean seeing through it to something else. It is practical men and women, who turn to a life of action as a refuge from insignificance. There is no reason to assume that all humans are neurotically controlled by unconscious impulses.

Gray

“Most people today think they belong to a species that can be master of its destiny. This is faith, not science. We do not speak of a time when whales or gorillas will be masters of their destinies.

Straw Dogs Quotes by John N. Gray - goodreads.com

Even in the present day, despite Darwin's discoveries, nearly all schools of thought take as their starting point the belief that humans are radically different from other animals. In *Straw Dogs*, John Gray argues that this humanist belief in human difference is an illusion and explores how the world and human life look once humanism has been finally abandoned.

Observer review: Straw Dogs by John Gray | Education | The ...

STRAW DOGS is different from most books I read in that it is a significant work that deserves a wide audience. It's relatively short and clearly written. Gray doesn't believe in God, which is fashionable but you won't mistake him for a New Atheist. He isn't hostile to religion and finds the idea that eliminating it opens the way to human ...
