The Secret Seven is the first book in the series. First published in 1949 there are definitely parts of it that seem dated, especially some turns of phrase that are used (particularly by straight laced Janet).

A number of her works, although old, are still quite popular. Some of her more familiar works are the Noddy Character, The Famous Five, and the Secret Seven. This excludes of course her very first book known as Child Whispers which was a 24 page collection of her poetry that was published at some point in 1922.
