The simple reality is that if the solution to your career change lay in more analysis - in making more lists, reading more books, taking more psychometric tests, or simply figuring it all out in your head - you'd have found it by now. 3. You won't find a job by looking for one.

How To Change Career When You Have No Idea What You're ...

"Your head is for having ideas, not holding ideas, and it's certainly not for filing them away. Without exception you will feel better if you get stuff out of your head." — Jeff Haden, Transform: Dramatically Improve Your Career, Business, Relationships, and Life: One Simple Step at a Time

Transform Quotes by Jeff Haden

There are multiple ways to experience career growth by investing in your career development and progress: Job shadow other employees in your company to learn about different jobs. This can broaden your skills and increase your value. Explore lateral moves to broaden and deepen your experience.

5 Tips to Improve Your Career Development

As you're choosing your new career—and applying for new jobs in your chosen field—consider setting up a few informational interviews with people who are doing what you'd one day like to do. They can give you solid advice on how to enter the field and impress in an interview, which is invaluable information to someone completely new to the industry.

How to Change Careers | Glassdoor Guides

The dog days of summer are a great time to take stock of your career and its trajectory or lack thereof. There are times in the summer where things slow down as teammates and managers are taking their requisite trip to the beach. And as stewards of your own career, you should be consistently managing their career.
